DETAILED ACTION

This Office Action is responsive to the applicants' amendment filed on Mar. 10, 2009.

Claims 1-24, 33-49, 71 and 131-135 have been amended. Claims 25-32, 50-70 and 72-129 have been canceled. Thus, claims 1-24, 33-49, 71 and 130-135 are pending in this application.

Applicants' cooperation in correcting the informalities in the drawing and specification are appreciated. However, a few minor informalities contain in the abstract.

Drawings

1. The drawings were received on Mar. 10, 2009. These drawings are acceptable.

Specification

2. Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

The language should be clear and concise and should not repeat information given in the title. It should avoid using phrases which can be implied, such as, "The disclosure concerns," "The disclosure defined by this invention," "The disclosure describes," etc.

Terminal Disclaimer

3. The terminal disclaimer filed on Mar. 10, 2009 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Number 10/560,084 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Election/Restrictions

4. The election of the species of Figs 1-8 and 12-15 filed on Aug. 29, 2008 is acknowledged; however, rendered moot in view of the allowance of a generic claim. Accordingly, the restriction requirement mailed on July 30, 2008 is hereby withdrawn. In view of the allowance of the generic claim 1, non-elected claims 43-48 and 71 have been rejoined with their base claim. Claims 1-24, 33-49, 71 and 130-135 are allowed.

Conclusion

5. This application is in condition for allowance except for the following formal matters as set forth above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
